# The Mesozoic Corals. Bibliography 1758-1993.

Supplement 11 ( -2005)

Compiled by Hannes Löser<sup>1</sup>

## Summary

This supplement to the bibliography (published in the Coral Research Bulletin 1, 1994) contains 19 additional references to literary material on the taxonomy, palaeoecology and palaeogeography of Mesozoic corals (Triassic - Cretaceous; Scleractinia, Octocorallia). The bibliography is available in the form of a data bank with a menu-driven search program for Windows-compatible computers. Updates are available through the Internet ([www.cp-v.de](http://www.cp-v.de)).

Key words: Scleractinia, Octocorallia, corals, bibliography, Triassic, Jurassic, Cretaceous, data bank

## Résumé

Le supplément à la bibliographie (publiée dans Coral Research Bulletin 1, 1994) contient 19 autres références au sujet de la taxinomie, paléoécologie et paléogéographie des coraux mésozoïques (Trias - Crétacé; Scleractinia, Octocorallia). Par le service de mise à jour ([www.cp-v.de](http://www.cp-v.de)), la bibliographie peut être livrée sur la base des données avec un programme de recherche contrôlée par menu avec un ordinateur Windows-compatible.

Mots-clés: Scleractinia, Octocorallia, coraux, bibliographie, Trias, Jurassique, Crétacé, base des données

## Zusammenfassung

Die Ergänzung zur Bibliographie (erschieden im Coral Research Bulletin 1, 1994) enthält 19 weitere Literaturzitate zur Taxonomie und Systematik, Paläoökologie und Paläogeographie der mesozoischen Korallen (Trias-Kreide; Scleractinia, Octocorallia). Die Daten sind als Datenbank zusammen mit einem menügeführten Rechercheprogramm für Windows-kompatible Computer im Rahmen eines Änderungsdienstes im Internet ([www.cp-v.de](http://www.cp-v.de)) verfügbar.

Schlüsselworte: Scleractinia, Octocorallia, Korallen, Bibliographie, Trias, Jura, Kreide, Datenbank

## Preface

Numerous hints given by many colleagues and new papers edited the previous year yield 19 references for a supplement to the bibliography. For the form of arrangement and abbreviations please refer to the bibliography itself (Coral Research Bulletin 1, 1994).

I am indebted to all colleagues who have sent me copies of their recently published papers for their help in completing the bibliography.

The Editor
